

Book Review:

*The Bait of Satan*

by John Bevere

This book tackles the age old problem of offense. Most of us have at sometime been on the receiving end of hurtful words or actions and probably have also wittingly or unwittingly been the cause of pain to someone else. Marriages, workplaces and churches have been split and lives spoilt as bitterness and unforgiveness has taken its toll. The Bible tells us to forgive if we are to be forgiven. This is often very hard to do and we put up walls to protect ourselves so that we wont be hurt again. It is Satan's delight to ensnare us in this area. John Bevere guides us through to freedom, reconciliation and learning to trust again as he tells of the transformed lives of those who have escaped the enemy's trap.
